

Scientific groups

The LMPS comprises 5 joint laboratories and 3 research groups.

Joint CNRS laboratories

Labcom SteerLab

Joint laboratory "Steel Reinforcement Laboratory"

Labcom MC²E

Labcom Comp'Innov

Joint laboratory "Composite Innovation Openlab"

Other joint laboratories

LRC PREVI

Contracted research laboratory "Pole of Research and Studies on the Vulnerability of Infrastructures"

IRTG CoMeTeNd

International Research and Training Group "Computational Mechanics Techniques in High Dimensions"

CNRS research group

Groupe de recherche
(CMC)²
Composites à Matrice Céramique
Conception, Modélisation, Caractérisation

GDR (CMC)2

Research Group "Ceramic Matrix Composites: Design, Modelling, Characterisation"

GDR PolyNano 2

Research Group "Nanofilled Polymers - Multifunctional Materials"

GDR GDM

Research Group "Differential Geometry and Mechanics"
